

60 minutes of pure buzz music
(and then some)

An hour of music containing 60 tracks, each 60 seconds in length all produced using the modular software music studio **Jeskola Buzz**, or one of it's many clones.
The artists participating in this compilation are members of the various online Buzz communities such as [buzzchurch](#), [buzzmachines](#), [buzzmusic](#) and other mailing lists and fora.
All this, and a **24 minute bonus compilation** containing more buzz goodness containing tracks from people who sent in multiple submissions for the original 60x60 compilation.
Enjoy.
